

Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

To the Reader,

Care The Artist,

New York City.

Dear Sir:

As an artist have you realized that Photography is becoming more and more entitled to rank among the fine arts? Have you also noticed that Photographers are now using their utmost endeavors, combined in many instances with artistic feeling, toward obtaining something more than mere literal transcriptions of nature or topographical views? We have no doubt you have; but in order to keep better posted in all matters photographic, we suggest that you subscribe to the Photographic Times. A sample copy will be sent you upon receipt of 20 cents. The photogravure frontispiece is alone worth the money. There are besides 40 to 50 illustrations in each issue.

Very truly yours,

The Photographic Times Publishing Association.
